

CALL FOR APPLICATIONS
Funding for international mobility grant
Graduate Programmes

The Graduate Programmes are launching a call for mobility projects to promote international mobility for students registered in a Graduate School affiliated to the Graduate Programme.

There is no restriction on the duration of the mobility period; However, the maximum amount allocated per project is 3000 €.

The application procedure and conditions are provided hereafter.

Granting scholarships terms and conditions:

1/ This call is addressed to all PhD students who are affiliated with the Graduate Programmes

2/ The selected PhD students will carry out their mobility before December 31th, 2024.

3/ The mobility can be carried out in foreign laboratories, foreign public and private institutions, archives, international organizations, and other institutions relevant to the research or internship of students. The participation in scientific conferences is not eligible.

4/ The selection will be made based on the following criteria:

- Relevance of the mobility project to the PhD thesis project
- Relevance of the mobility project to the candidate's professional or research career plan
- Quality of the host institution and of the local supervisor
- Quality of the applicant's academic record

5/ The scholarship is not exclusive and can be combined with other funding and grants provided this is authorized by the organisms issuing these fundings and grants.

6/ The grantee agrees to present her/his work during a scientific day organized by the Graduate Programme, if requested.

Application procedure:

To complete your application, please log in to the Graduate Programme Portal on the MoveOn platform: <https://univlille.moveonfr.com/form/63569462b99b4f3b2b6c0d14/eng> by **November 15, 2023**.

For any further questions or concerns you may have, please contact the administrative officer, at grants-graduate-programmes@univ-lille.fr

Projects will be selected by a committee composed of your graduate programme coordinator, the administrative officer of the Graduate Programmes and the directors of the Graduate Schools involved. Results will be announced directly to the applicant via email no later than **December 15, 2023**.

The allocated grant is calculated based on a **weekly flat rate of EUR 150 € with an increase of +50% for the first 4 weeks to cover travelling expenses. 70% of the grant is paid upon the student's arrival and 30% upon his/her return. ***

E.g. 2 weeks: $2 \times 150 \times 1,5 = 450 \text{ €}$; 12 weeks: $4 \times 1.5 \times 150 + 8 \times 150 = 2100 \text{ €}$

Under no circumstances can the financial support of a mobility project be retroactive the mobility must start after the closing date of the current call. The payment process will not take place until January 2024.

The international mobility grant is awarded on the basis of the submitted project. Any change in the destination or duration may void the grant and must be reported as soon as possible to allow for a new examination of the project. The amount of the scholarship may be recalculated downwards depending on whether the number of weeks matches the internship agreement submitted prior to payment, but no increase in the amount will be made. If the mobility is not fully completed, the Graduate Programmes reserve the right to withhold payment of the student's balance.

* The processing of scholarship payments will be conducted twice a month according to the established procedure.
